CHAMBLEE BROTHERS

Will Remove From Paducah to Kansas City, Jan. 28th.

The clothing firm of Chamblee Bros. has had its lease extended to Feb. 1st, 1906, in order to continue the great sale that has been going on there and to have as few goods to move as possible, thereby saving freight to Kansas City. Several large shipments of shoes and clothing that were delayed in transit will be included in this sale. It is a POSITIVE closing out sale as the Messrs Chamblee are going to open in Kansas City, and another great cut in prices of everything is now being made. The magnificent stock will be put on the market at less than cost to manufacture, promptly Saturday morning, December 30th at 8 a. m.

Chamblee Brothers have been urged by many of their customers to remain in Paducah, and during their great sale just closed, it was not an unusual thing to hear such remarks as, "This beats anything I ever saw," "goods at a lower price than they were advertised." However, this sale promises to be the greatest shoe and clothing sale ever conducted in Paducah. The last cut in prices and final wind-up sale that Chamblee Brothers will make is the last chance to dress in fine raiment at a trifling price.

The sale will open Saturday morning, December 30th, at 8 a. m., and continue until January the 27th.

MEDICAL SOCIETY

To Consider the Question of Making Up a "Blacklist."

The McCracken County Medical Society met with Drs. Coleman and Taylor last night and heard an interesting paper from Dr. Coleman showing how medical societies can be put on a higher plane.

Before the meeting ended Dr. J. G. Brooks suggested that the organization take up the question of creating a doctors' "black list" or "unfair" list, and the proposition was referred until the meeting two weeks hence with Dr. B. B. Griffith. The desire of the doctors is not to inconvenience or humiliate honest people who do not pay their bills because they cannot, but to make out a list of those who willfully and frequently beat doctors. When a doctor is satisfied that a patient is beating him, he may put him on the black list, and all the other doctors can then see who makes a practice of refusing to pay doctors' bills.

Colder Weather Promised.

This has been a dreary day out of doors. A light rain has been falling at times. The weather forecast is for more rain and colder weather. The rain may turn into snow. Business is almost at a standstill, having been quiet ever since Christmas, which is always the case. It will pick up in a few days.
